MEDICINAL

IN 25 CTS. AND \$1 BOTTLES.

Its properties are Demulcent, Nutritive, Bal-samic, Soothing and Healing. Combining all these qualities, it is the most effective LUNG BALSAM ever offered to sufferers from pulmo-

BALSAM ever offered to sufferers from pulmonary diseases.

Dr. J. F. HAYWOOD, of New York, voluntarily indorses it. Read what he says:

New York, Sept. 19, 1877.

Dr. Tutt: Dear Sir—During this year I treated nine hundred cases of lung diseases. In the lower wards of the city the cases were of a very severe type. It was there my attention was called to Tutt's Expectorant, and I confess my surprise at its wonderful power. During a practice of twenty years I have never known a medicine to act as promptly and with such happy effects. It instantly subdued the most violent effects. It instantly subdued the most violent fits of coughing, and invariably cured the disease in a few days. I cheerfully endorse it as the best lung medicine I ever used.

J. FKANCIS HAYWOOD, M.D.

A NEWSPAPER PUBLISHER WRITES

A NEWSPAPER PUBLISHER WRITES:

Cifice Evening News, Augusta, Ga.

Dr. Tutt: Dear Sir—My little son was attacked with pneumonia last winter, which left him with a violent cough that lasted till within a month since, for the cure of which I am indebted to your valuable Expectorant. I had tried most everything recommended, but none did any good until I used your Expectorant, one bottle of which removed the cough entirely. With many thanks, I am yours truly,

JOHN M. WEIGLE. HAU TERRIBLE NIGHT SWEATS. Memphis, February 11, 1871. Dr. Tutt: Sir-1 have been suffering for near-ly two years with a severe cough. When I commenced taking your Expectorant I was reduced to one hundred and sixteen pounds in weight. I had tried almost everything; had terrible night sweats. I have taken half dozen bottles. The night sweats have left me, the

cough has disappeared, and I have gained fifteen pounds in flesh. I recommend it to all my friends. With great respect,

OLIVER RICE. IMPORTANT QUESTIONS. Reader, have you caught a cold? Are you

unable to raise the phlogm? Have you an irritation in the throat? A sense of oppression on the lungs, with short breath? Do you have a fit of coughing on lying down? A sharp pain now and then in a region of the heart, shoulders and back? IF SO, OUR ADVICE IS to take and back? IF SO, OUR ADVICE IS to take at once a dose of Tutt's Expectorant; you will soon be able to raise the phlegm. In an hour repeat the Expectorant, place a hot iron to the feet take two of Tutt's Pills. You will soon fall into a pleasant sleep and wake up in the morning cough gone, lungs working freely; easy breathing and the bowels moving in a natural manner. To prevent a return of these symptoms use the Expectorant several days.

The C. & O. Canal.

The Baltimore American says that a determined movement is being made by the bondholders to take the canal out of its present management. It is stated that in the course of a week or ten days a bill will be filed in the United States Circuit Court, before Judge Hugh L. Bond, on behalf of the holders of the \$1,700,000 of first preferred mortgage bonds of the canal, asking for the appointment of a receiver for the company. The bill will attack the validity of the repair bon's issued under power conterred by the act of 1878, and which are a lien upon the corpus or body of the canal and all that such a lien implies, whereas the first preferred mortgage bonds are held only as a lien on the revenues and talls of the canal, and they therefore ask the court to restrain the company from issuing any more of such bonds. on account of their illegality. The other allegations in the bill will be of a very comprehensive character, and will relate to the general management of the company, which, the bondholders claim, has been managed in the interest of politics and politicians, and not in the interest of the bond and stockholders. It will assert that offices have been multiplied far beyond the necessities of the company; that the money had been wasted to reward politicians and offices created for partisan purposes: that large and unnecessary improvements had been made under the name of "repairing damages." and that the entire management of the canal has not been such as to protect the interests of the bond. holders, and that it has not been conducted on strict business principles. The bondholders state that they have been paid no interest on their bonds since 1876, more than three years ago, that they desire a change and were determined to have it, and wanted some return on their investment. During President Clarke's administration of the canal they received interest on their bonds, which was continued for the first two or three years of Mr. Gorman's administration of the oanal; but, as above stated, since 1876 they had not been made the recipients of any return on their investment. The fact that the last Legislature had given the company the right to issue repair bonds as a lien on the body of the canal, when the first mortgage bonds are only a lien on the revenues of the company, is, they think, another step in a direction which may have the effet of keeping them for a long time from sharing any returns of the revenues of the canal. The act of Assembly authorized the company to issue these bonds to the amount of \$500,000 for the purpose of repairing damages on the canal, and of this amount about \$80,000 of the bonds were sold, and nearly \$200,000 are held as collaterals for money borrowed on the repairs of damages. Some of the representatives of the first preferred bondholders state that if they allow the balance of the bonds to be issued, and the company at some time hereafter may not able to pay interest on them, the holders of the repair bonds would forclose the conal, and thus jeopardiza the interests of the first preferred mortgage bond owners. They say that it is a patent fact. well known to every Marylander, that the canal has for a long time been managed as a machine for partisan and personal ends; that revenues, instead of going to pay interest on the company's bonds, had been used to pay salaries to politicians; and they think that it would be well to have the canal managed as a business

and stockholders. The interest of the State of Maryland in this canal amounts to over twenty millions of dollars. The bondholders agree with Governor Bowie, who in a special message to the Legislature in 1870, said of the canal: "It stands in melan-choly contrast with its great and powerful contempary, the Baltimore and Ohio railroad, a monument of the radical error of its past administration, and admonishes us of the necessity of divorcing all great works of internal improvements from the blasting influence of politics if wa would have them judiciously, economically, honestly, and successfully administered. * * When it is borne in mind that the bondholders, by their timely advances, were tempted to come forward and resoue from total loss the State, &c, it is impossible that gentlemen having the honor and the interest of their state to preserve and protect can turn a deaf ear to the application for relief. That relief, the success of the canal and the advancement of the large interest of the State of Maryland in this great work, can only be attained by removing its management from the field of politics and the hands of politicians * * As the cara! is now managed, the Board of Publi: Works changing every two years, the direction of the san, and they, for the most part, represent partisan in erests. The evi's in its macagement are, first, partisan control, and second, constant change of administration."

enterprise for the interest of the bondholders

It is stated that no objection can be made to the bringing of the suit into the U. S Court. as the first preferred bondholders are nonresidents, located in different s c ions of Maryond, in Virginia, and a'so in the D s'riot of Columbia. It is understood that the couosel baving the matter in charge are Massrs. Marshall & Fisher, Johnson and Poe. Archibald Stirling, Jr., and George Bryan, of Richmond The Baltimore lawyers are among the first attorneys in this city. Immediately after the bill is filed, the officers of the Chesaposke and Ohio Canal will be served with a notice to show cause why a receiver should not be appointed for the company as prayed for. The bondholders say that all they desire is to have the canal managed on business principles, and not as a political mashine.
